“- I am Joe - AKA 'The Doodle Boy' I am 12 years old and live in Shrewsbury in the UK - I absolutely love Art and especially Doodle and Cartoon style.

I have been drawing and painting since the age of three and Art has been a huge part of my life - I would draw, paint and do crafts at every opportunity and that hasn't changed to this day...

My favourite characters to draw are Food, Monsters and Aliens but I pretty much create doodles from anything as I get inspired by my surroundings and create characters from all of the things I see such as my Burger and Fries characters, Flowers, Vegetables, Cakes - Yum, clouds, etc...”
