The government are spending over £320 million on physical education (PE) and sport in primary schools over the next academic year 2019-20 to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets.

At Hollinswood Primary School & Nursery the intent of teaching Physical Education is to give children the tools and understanding required to make a positive impact in their own physical health, well-being and the characteristics of respect, resilience, responsibility, and being resourceful.

In physical education we provide an exciting, balanced and varied programme of activities and a range of sports that will contribute to each child's physical and emotional development. We strive to create a positive attitude towards P.E with correct teaching. It is hoped that the children will gain enjoyment from physical education and pursue sporting activities in their private lives, thus promoting a healthy lifestyle.

All pupils from Years 1 – 6 participate in two weekly PE lessons lead by a specialist sports coach or their class teacher.

In EYFS pupils focus on developing the FUNdamentals of movement (FOM), with particular focus on exploring a variety of ways on how to move your body in a controlled manner.

In Key Stage 1 pupils focus on FUNdamental movements skills (FMS) to hone in on coordination skills such as throwing, catching, running, jumping, balancing and performing sequences of movement.

In Key Stage 2 pupils develop and refine their FOM & FMS and apply them to a variety of games/sports such as football, hockey, rounders, gymnastics etc. The competition element of sport also starts to be introduced so pupils begin to develop tactical and teamwork skills.

All pupils will follow a simple process for each session:

Warm up Skill activity Game activity Cool down

We provide a number of 'extra-curricular' sport sessions as we feel physical potential can be enhanced by including children in teams for internal and external competitive events.
