Instructions

You **may not** use a calculator to answer any questions in this paper.

Questions and answers

You have **25 minutes** to complete this paper.

Work as quickly and as carefully as you can.

Put your answer in the box for each question.

A grid of 10 columns and 4 rows. In the center of the grid, there is a larger empty rectangular box with a black border, intended for the student to write their answer.

If you cannot do one of the questions, **go on to the next one**.

You can come back to it later, if you have time.

If you finish before the end, **go back and check your work**.
